Auto Ticket Classification using FLOW DESIGNER

Team ID	SWTID-2026-4750
Project Name	Auto Ticket Classification using FLOW DESIGNER

3. Empathy Map — Persona: Support Team Member

SAYS	THINKS
• I receive many support tickets. • I need tickets to reach the right category. • Manual sorting takes time.	• Can the tickets be classified automatically? • Will the classification be accurate? • Can the workflow reduce my workload?
DOES	**FEELS**
• Reviews incoming tickets. • Classifies and routes tickets. • Follows up on unresolved issues.	• Wants a faster workflow. • Feels concerned about delays. • Feels confident when tickets are correctly routed.
